

New products for the PC.

Below are a few items I have found on the 'PC800 Owners Club of Ireland' website which may be of interest to those members that do not have internet access. For those of you who do, I strongly recommend you go take a look for yourselves.

LED Marker lights

These marker lights replace the reflectors found on the PC 800. Measures 1 1/4" x 3 1/2". These lights greatly enhance visibility by incorporating 16 mini high visibility LED's. Mounts with double sided adhesive to replace both tape and screw mounted reflectors. Sold in pairs in red or amber.

Approx. \$46.95 from www.bigbikeparts.com

This switch assembly fits the right side master cylinder and houses three switches for auxiliary controls of lighting. Available from Goldwing International, Northwich or Big Bike Parts, USA.

Approx. \$49.95 from Big Bike Parts online at www.bigbikeparts.com

The new wrist watch for those PC Owners. The new prototype watch designed by Jeff McGill and produced by Perfect Timing, NV, USA.

You can see it at:

For any further information contact Jeff at: carolinapc800@yahoo.com

From our own members

Alan Marsh, is the owner of a firm called Cooper Engraving, in Staveley, Cumbria.

He has made some Stainless Steel air dams for Alan Greenwoods PC800.

Alan wanted to replace the original acrylic deflectors as they got broken quite easily. What you see here is the finished product, very professional I think.

He can be contacted on 01539 822220 (day) or email cooper.engraving@ic24.net

Alan also tells me that he can carry out numerous other metal work related tasks such as etching etc. definitely worth a call.

Ian MCNAUGHTON informs me that we now have a Fenda Extenda available for our bikes. The supplier is a firm called Pyramid Plastics - Contact number is 01427 612536 or E-mail at

sales@pyramid-plastics.co.uk
